

VNG AT A GLANCE

Key figures of the 2018 financial year

VNG is a group of more than 20 companies active throughout Europe with a broad, future-oriented service portfolio in the gas and infrastructure sectors and more than 60 years of experience in the energy market. We focus on the three business areas of Trading & Sales, Transport, and Storage. With our strategy VNG 2030*, we are increasingly targeting new fields of business. These include biogas, digital infrastructure and local solutions.
